Chair Wrabek read aloud the following statement: "This is a judicial hearing of the Garibaldi Planning Commission to consider a city proposed Garibaldi municipal code amendment, a proposed Garibaldi Comprehensive Plan Amendment and a proposed Garibaldi transportation system plan amendment request by Salmonberry Trail Intergovernmental Agency. The decision that will be made here tonight is going to be whether or not the Planning Commission should approve the proposed amendments and forward the decision to the City Council for their review.

"A copy of the staff report describing the proposed amendments has been available to the public since April 26, 2017, and City staff has been available for questions and comments regarding the proposed use since that time. Notice of the hearing tonight has been provided to the public through publication in the Headlight Herald on April 26, 2017, and through public posting at various locations in town.

"This hearing is an opportunity for the public to comment on the proposed amendments. I would like to ask those present if there is any objection to the jurisdiction of this commission or any of its members? This question is specific to the authority of the Garibaldi City Planning Commission in approving or denying the requests for the code and plan amendments within the City of Garibaldi."

"Hearing no objections to the jurisdiction of this commission, I would like to ask if any member of this commission has any conflict of interest or bias regarding the matter before the commission tonight."

"At this time I'll have the City Manager, who is functioning as the planner pro tem for this application, summarize his staff report and relay any correspondence or inquiry received to date."

O'Leary noted there was no correspondences and summarized the Planner's staff report.

Chair Wrabek read aloud the following statement: "The decision that will be made tonight is whether or not the Planning Commission will approve of the requested use. The decision to approve or deny the use will be adopted through a final order that staff will prepare after the meeting tonight. Any appeal to the decision made here tonight must be submitted to the City Manager within ten days of the date that the final order is signed. Once staff has prepared the final order and I have signed it, the applicant will be notified along with anyone else that requests or is required to be notified. Notification will be provided within five days of the date that the order is signed. Are there any questions about this process?" There were no questions from the commissioners or public.

Chair Wrabek then opened the floor to public testimony. Chair Wrabek read aloud the following statement: "The Planning Commission will now call for public testimony. If there are any comments on the proposed use, please keep those comments brief and to the point. If there is an objection to a proposed use, the objection needs to address relevant facts or information from the City's municipal code, the City's comprehensive plan, the Planner's staff report or relevant State law. Any material produced in relation to support or opposition to the proposed use must be submitted to the Recorder to be included in the record. Failure to address a pertinent criterion at this hearing will preclude an appeal based on that criterion. Any party may request that the record for this hearing be held open for at least seven days; however, this request must be made prior to the close of this hearing. Comments are limited to three minutes. Persons wishing to speak must first be recognized by the chair, and must state their name and address. If you are representing another person or entity, please state who that is and what your connection to that person or entity is."

Jim Rapp (Parametrix), Michelle Bradley (Port of Tillamook Bay), and Patrick Wingard (OLCD) expressed their support of the project.

Chair Wrabek then read aloud, "Are there any questions from the commission about comments received at this time?"
